

New Book Release - The Invisible Hand: Business, Success, and Spirituality

Loving and Divine Soul,

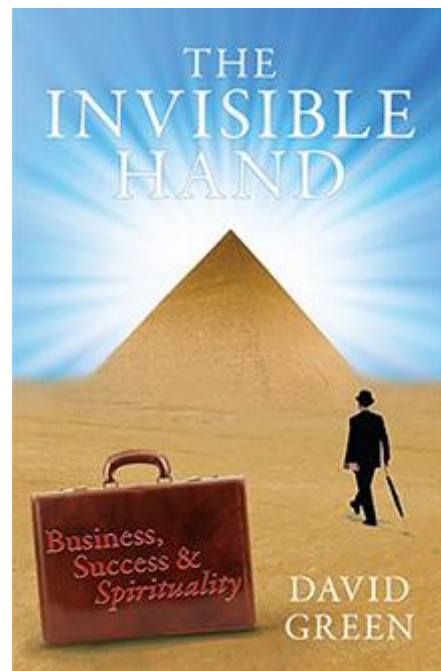

God bless you all.

I am pleased to tell you about a new book that I am endorsing and recommending you read. It has been written by David Green, who originally set up the Kriya Yoga center in London in 1999.

It is a significant, inspiring, and beautiful book that will give confidence to many millions of people across the world who enjoy reading self-help, business, or spiritual books.

I have encouraged David to write this book because it shows how the impact of spirituality influenced a down-to-earth individual, who is true to himself, to find success in life and business through determination, meditation, and humor.

Consciousness is growing on our wonderful planet as countless people seek inner change but still so many do not know how to discover real success, love, happiness, and calmness. *The Invisible Hand* gives a clue as to how it might be possible and will act as a beacon and encourage others to find their own true individual path — how to win the day in life, business, and spirituality.

Half of David's profits will go to charities around the world, including our own activities.
